

What a great govt we have here,NOT,they make the rules as they go along.It is shameful that all of the religious zealots(George W. Bush) in the country are trying to push their beliefs on every citizen.Why is the F.C.C only wageing war on Howard Stern, there are many more people out there that are doing the same material in the same context, but you the F.C.C say that you cant fine them because they (Oprah Whinfrey)are too beloved.I hope that when the new govt. is sworn in I hope John Kerrys first mission is to FIRE you Mr Powell Jr. That time cant come soon enough.
